

Our base is in the little town of San Vincenzo on the Etruscan coast, in Tuscany. No other port in Tuscany is more easily accessible. From the highway it takes only 5 minutes by car, and the railway station is at just 5 minutes walk from our base. The Marina is part of the context of the town, close to the pedestrian promenade where you will find, not far from the boat, shops, bank, bar and restaurants.

 = our base and our office
